WHY CHILLY WEATHER BRINGS RHEUMATISM

Says skin pores are closed and uric acid remains in blood.

Rheumatism is no respecter of age. sex, color, or rank. If not the most iangerous of human affilctions it is one of the most painful. Those subject to rheumatism should cat less meat, dress as warmly as possible, avoid any undue exposure, and, above all, drink lots of pure water.

Encouraging reports were submitted which is generated in the bowels and absorbed into the blood. It is the funcfrom the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this urle acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing sliffness, soreness and pair called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week.
